

House Sponsorships

Your financial support, your time and your voice will help bring independence to families in need of a simple, decent place to live.

Various organizations sponsor houses by providing a combination of direct funding and volunteer labor. House sponsors include faith-based communities, businesses large and small, organizations, membership associations, and foundations. Often, several sponsors combine resources to fund one home. Home sponsorships are flexible and may be tailored to suit an organization's interests.

Habitat offers many different partnership levels for our home building program. A teambuilding day not only benefits the Habitat family, your group will also enjoy a fun-filled day on the construction site, while creating a sense of unity among co-workers, friends and neighbors. No experience is required, volunteers receive skilled construction supervision, training and support at the build site.

For faith communities, non-profit partners, schools and civic groups, Habitat for Humanity of York County does not suggest a specific donation amount, but instead asks the group to make a donation to Habitat for Humanity of York County which is within the group's capacity as an indication of partnership.

Habitat homeowners help build their own homes alongside volunteers and pay an affordable mortgage. With our help, Habitat homeowners build a better life for themselves and for their families.
