Habitat for Humanity York County Receives a Grant from the Maine Community Foundation!

Kennebunk, Maine -- Habitat for Humanity York County has received a grant for general support from a component fund of the Maine Community Foundation.

“Habitat for Humanity of York County is honored to receive support for our homebuilding and weatherization programs,” said Amy Nucci, Executive Director of Habitat for Humanity of York County. “These programs improve the lives of low-income families and strengthens communities throughout York County.

Habitat’s 27th on Cole Road in West Kennebunk was dedicated on June 22, 2017. The 28th home building project is scheduled to begin in September in Wells. Habitat’s weatherization program, Keep York County Warm!, community volunteers have completed 32 home weatherization projects in York County and built over 160 storm window inserts this year.

Habitat ReStore, located in Kennebunk, sells donated reusable building materials, plumbing and electrical supplies, appliances, hardware, and wooden furniture. The ReStore offers merchandise at affordable prices and ReStore revenues support Habitat’s affordable housing mission.

Habitat has many opportunities to volunteer on a building project, at the ReStore, assisting with weatherizations, in the office or serving on a committee. Anyone interested in participating or donating to Habitat is encouraged to call the Habitat for Humanity York County office at 207-985-4850 or visit the website at www.habitatyorkcounty.org.

About Habitat for Humanity York County

Habitat for Humanity York County, the local affiliate of Habitat International, was incorporated in 1985 as a non-profit builder of affordable homes in partnership with low-income families, community volunteers, and local businesses. Our mission is to work towards the elimination of poverty housing in York County and to stir the hearts and minds of others to take action on this issue.
